

BUILDING HOPE, ONE TRANSACTION AT A TIME!

A HISTORY OF EXCELLENCE IN MERCHANT SERVICES

"I found Total Merchant Services to be the solution to all my payment processing needs."

--- John Scott, Auto Parts Supplier - Pittsburgh, PA

"The savings was apparent from the very first month. I can't believe how much money we were throwing away with our old processing company. Now on top of that, with Transactions For Hope, we are also receiving a free monthly donation given back to our ministry."

--- H. Hauksson, NHRM - Smiths Station, AL

"We have a multi-location clothing store where we do high volume transactions and lots of them, especially on the weekends. We needed a fast, reliable solution and Total Merchant Services pulled through for us. Fast easy set-up and free IP enabled state-of-the-art equipment too. Included was an online interface to view all our transaction activity for both locations. We can also keep tabs on the transaction activity while away on vacation. These guys are fantastic!"

-- Ralph Myers, Women's Clothing Boutique's - WA, CA, AZ, and IL

"Been with this company like 5 years and I've never had a problem. If something is wrong with my credit card terminal they have replaced it no questions asked. If I need paper they give it free and within 2 days. It's great!" --- Lori Lister
